

**ANSA**

APPLIED NEUROSCIENCE  
SOCIETY OF AUSTRALASIA

**16TH ANNUAL CONFERENCE**

**NEUROMODULATION FOR OPTIMAL PERFORMANCE IN  
TIMES OF STRESS AND TRAUMA**

8th and 15th October | 9 am to 6 pm

## CALL FOR CONTRIBUTORS

Neurofeedback researchers and practitioners, and other professionals interested in applied neuroscience, are cordially invited to contribute the annual workshops and conference of the Applied Neuroscience Society of Australasia to be held virtually in Sydney, New South Wales, Australia.

You are invited to submit your proposal/s for participation in our 2022 [Applied Neuroscience Society of Australasia](#) conference. We have a limited number of positions for lectures (45 minutes), case presentations (20 minutes' presentation or poster presentation) and/or masterclasses (90 minutes, half-day).

Please duplicate this application form to submit multiple proposals.

Thank you.

Please return your completed submission to Conference Chair Kristy Dawson via email [kristy.dawson@health.nsw.gov.au](mailto:kristy.dawson@health.nsw.gov.au)

***SUBMISSIONS DUE DATE: 31 July 2022 (earlier EOI is appreciated)***

I \_\_\_\_\_ (presenter name) confirm that I am available, if offered the opportunity, to participate in the ANSA Virtual Conference on 8<sup>th</sup> & 15<sup>th</sup> October, 2022.

## Case Study Submissions

The Conference Committee of the Applied Neuroscience Society of Australasia ANSA members and colleagues to share a single case study on Pre/post EEG Assessment &/or Course of Neuromodulation. We hope to hear from neuro-practitioners willing to share a brief case study regarding a client and their journey through EEG-assessment and EEG-guided intervention.

The cases must be prepared for one or both of the following presentation modes:

1. Poster Presentation (look for “Instructions for Poster Presentation” document on ANSA Website) including an introduction and aim, procedure, results and discussion/conclusion; and/or
2. Brief Presentation (maximum 6 slides/20 minutes) including:

Introduction/Aim: describe the **Context** of the case (clarify the research and/or clinical practice).

Procedure: describe the **Case History & Treatment Plan** (onset and course of symptoms, results of diagnostic tests and procedures, including QEEG analysis, selected intervention, etc.)

Results: Present the results of psychobiological findings.

Conclusions: Discuss findings in light of the client and contribution to EEG research and practice.

Complete the template below to email your expression of interest to [kristy.dawson@health.nsw.gov.au](mailto:kristy.dawson@health.nsw.gov.au) (Kristy Dawson, Conference Chair) before 31 July 2022. The conference committee will notify the selected presenters before the 30 August 2022. N.B. All presenters must be registered delegates of the 2022 ANSA Conference.

Title of Presentation			
Mode : Masterclass/Practicum > <input type="checkbox"/> 90min <input type="checkbox"/> 1/2 day			
Abstract:			
What aspects of applied neuroscience will be addressed?			
Will the session include case examples or experiential learning for delegates?			
What is the significance of this work for researchers and/or practitioners?			
To what extent is your work evidence-based or well-regarded in your field?			
Media Statement: Please provide a short statement we might use for the purposes of conference promotion.
